RESPONSE TO RESTRICTION REQUIREMENT

TECH CENTER 1600/2000

SIR:

Please enter the following Response to Restriction Requirement in the above-identified patent application.

REMARKS

This Response is submitted in response to the Office Action mailed on August 29, 2000. The Office Action requires Applicants to elect one of two patentably distinct species: A) analgesics, muscle relaxants, antibiotics, antiviral, antihistamine, decongestant, anti-inflammatory, antacid, psychotherapeutic agent, insulin, vitamin, mineral, and cardiovascular agents; and B) stimulants. The Patent Office states that Claims 1 and 14 are generic.

Applicants elect without traverse species group A. Applicants, however, disagree that only Claims 1 and 14 are generic. Regardless, the following claims read on the elected species: Claims 1-12 and 19-22.
